Kristi House is the Children’s Advocacy Center for all of Miami-Dade County and is dedicated to providing a healing environment for child victims of sexual abuse and their families. This approach includes coordinating client families’ involvement with legal, medical and mental health systems, limiting the number of interviews to reduce the trauma associated with each retelling of the story, and ensuring that no child falls through the gaps in our complex child welfare system. Kristi House also directly provides a full continuum of wrap-around services and care for victims and their families free of charge. This includes therapy, which is critical for recovery from the trauma of sexual abuse for most survivors.

Kristi House is located on the University of Miami/Jackson Memorial Hospital campus at 1265 NW 12 Ave. Its south facility is located on U.S. Highway 1 and 152nd Street, and its north facility is located at 18441 NW and 2nd Avenue. Founded in 1996, Kristi House has served more than 8,500 victims of child sexual abuse and their families. Thousands more are reached every year with education and prevention outreach programs. Visit www.kristihouse.org for more details.
