THE KRISTI HOUSE

Katherine Fernandez Rundle (State Attorney) and The Kristi House hosted an event at Cielo's Restaurant in Coconut Grove to help raise funds for sexually abused children in Florida. The Kristi House is a non-profit organization providing services for children and their families who are victims of sexual abuse. There are more than 21,000 reports of child sexual abuse in Florida each year. Some of our Key Biscayne residents joined the State Attorney and helped support this great cause.
