Title: **Reimbursement for Indirect Costs**

Date: 11/13

Review/Revise Date: 1/19

Director Review: _____

POLICY:

Kristi House does not pay for indirect cost when contracting for professional services. The Kristi House mission to serve abused children in Miami obligates us to reserve our financial resources to ensure all children in need may be served. In addition, since most Kristi House funding is from either federal state, or local county grants or family foundations, we have to abide by their guidelines which often prohibit funds being allocated to indirect costs.
